

# 9.0 HYDRASOL RIB

## SEALEGS®

BE AMPHIBIOUS

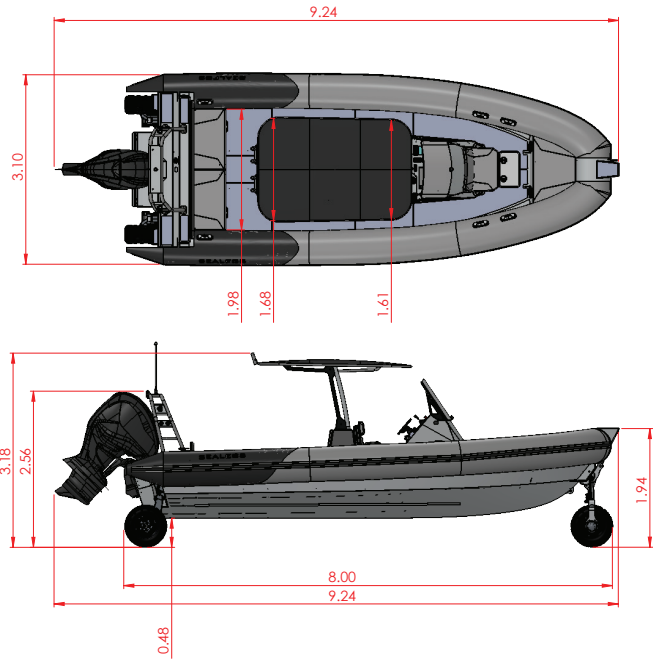

The SEALEGS 9.0m Hydrasol RIB is the perfect platform for any adventure, offering ample space just over 9 metres long. With generous room in front of the console, along the tubes, and behind the crew seating, you can customise your seating arrangement with an auxiliary bench or leave it open for extra space.

Ideal as a dive boat, fishing craft, or the workhorse for family excursions, this RIB can store paddleboards, dive gear, fishing equipment, and more – the only limit is your imagination.
